

At Markel, our approach is straightforward: provide insurance solutions tailored to your unique environmental risks. For over 25 years, we've combined one of the broadest appetites in the industry with deep knowledge of environmental risks to deliver solutions of all shapes and sizes. Whether exposures are operational, premises-related, contingent or tied to contractual or legacy issues, our underwriters understand the risk—and know how to write it.

#### What sets us apart

- 300+ years of combined environmental experience consisting of underwriting, engineers, and attorneys
- Dedicated risk management services available to provide value-added services and evaluate risk
- Ability to customize service plans, tailoring them to accommodate specific risks
- Fast and seamless claims experience – 40 lawyers with private practice experience and 103 associates across 17 offices and three countries

#### Coverage

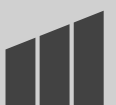

- Commercial general liability
- [Contractors pollution liability \(CPL\)](#)

- [Professional liability for environmental service providers \(PL\)](#)
- [Site pollution and environmental coverage \(SPEC\)](#)
- Supported and unsupported follow-form excess liability

#### Product highlights

- Non-admitted
- Primary lines can be written on either a guaranteed cost or SIR basis
- Fast and flexible approach to underwriting with the ability to manuscript wordings and policy language tailored to a specific risk
- Ability to package (two or more coverage parts) with shared or separate aggregates

- CGL is ISO CG 0001 or CG0002 (CM) form all other forms are proprietary
- SPEC form is menu driven to allow a flexible approach to the risk
  - Multi-year terms up to ten years
- Products pollution can be offered on an occurrence basis
- CPL can be practice or project specific including OCIP and CCIP where required
- Can provide completed operations extended discovery up to ten years
- Excess liability can be written on a quota share basis and can consider proprietary wordings
