We are Markel

Markel is a global specialty insurance provider with a truly people-first approach.

We're committed to helping you meet your insurance coverage needs.

We have the tools, knowledge and experience to offer you unique solutions across a wide variety of risks. But it's our people and the relationships we develop with colleagues, brokers and clients that makes us so unique.

Power of the platform

Markel has assembled one of the broadest array of tools in the industry – insurance, reinsurance, fronting and insurance linked securities – to address our clients' most complex risk management needs.

What sets us apart

At Markel, we believe what we do really matters.

And that every one of us has the power to make a difference.
To us, insurance is more than a piece of paper.
It's a promise to help people get back on their feet.
It's a commitment that gives people the courage to take chances.
And in uncertain times, it's the fuel that moves the world forward.

Since the very start, we've used our ingenuity to insure risks that others can't.
Finding smart solutions to complex problems, so people can live their lives and seize opportunities.

Our style is about focusing on people's needs, not just words on a page.
It's about building relationships and connecting as humans.
And ultimately, it's about being there for people when they need us most.

In our eyes, our journey is just beginning.
Together, we're building a business that supports more people, in more places.
But unlike our peers, we'll never lose our people-first focus as we grow.
Because you will always be what makes Markel special.
And what continues to power this business forward.

Company responsibility

Good citizenship is the Markel Style.

In keeping with our people-first emphasis, Markel has a commitment to responsible, sustainable company citizenship that supports the long-term development of Markel as the leading global specialty insurer. Our dedication to this approach consistently reflects the guidance of our company compass, the Markel Style. From our people to our communities to our environment, we take this commitment seriously.
