

Our latest policy covers fintech companies for a broad range of claims or losses across four insuring clauses. Cover also includes a comprehensive 24/7 breach response service as standard.

In addition to insurance, we are able to offer our insureds value-add services such as a 24/7 business and legal helpline, R&D tax relief consultancy, cyber risk management tools, along with many other risk management services.

As one of the largest and longest-standing Fintech teams, we provide underwriting expertise, breadth of cover and professional claims service.

Since launching our Fintech policy in 2016, we have worked closely with clients to create bespoke insurance solutions and we carefully consult with regulatory bodies to understand and accommodate local requirements.

Confidence in claims

We see ourselves as enterprising but measured, delivering insurance solutions that are effective as well as innovative, and listening carefully and working transparently with our business partners and clients. At the heart of everything we do is an unshakeable commitment to fairness and respect. We meet client needs with confidence because we're driven by a long history of industry leadership and expertise.

Whether you are a business, organisation, or individual, when the unexpected happens, we are passionate about getting you back on track.

Contact details and information about our claims service can be found here:
