

Energy Liability onshore and offshore

Our Energy Liability policy covers a range of onshore and offshore energy professionals and activities, including operators, drilling contractors, US pipeline operators, offshore construction, offshore decommissioning and renewables.

With specialist underwriters and dedicated claims handlers, we provide underwriting expertise, breadth of cover and professional claims service.

We have underwriting presence in London and Asia Pacific, providing customers with global expertise that is delivered locally.

We offer cover on a standalone basis or as part of a package, creating solutions that are tailored to specific exposures.
