

**Our Clinical Trials insurance offering provides comprehensive risk coverage for clients in the clinical trials sector. We leverage our extensive knowledge base and global network to provide market-leading solutions to support our clients.**

Utilising Lloyd's licenses, we provide a fully compliant global solution for Clinical Trial exposures in over 100 territories.

As one of the most experienced underwriting teams in the space, we are able to provide underwriting expertise, breadth of coverage and service standards to match the 'just-in-time' requirement for clinical trials. Partners and clients also benefit from expert dedicated claims resource.

We have underwriting presence in London and APAC, providing customers with global expertise that is delivered locally, aligned with our flexible, competitive underwriting ethos.

## Confidence in claims

We see ourselves as enterprising but measured, delivering insurance solutions that are effective as well as innovative, and listening carefully and working transparently with our business partners and clients. At the heart of everything we do is an unshakeable commitment to fairness and respect. We meet client needs with confidence because we're driven by a long history of industry leadership and expertise.

Whether you are a business, organisation or individual, when the unexpected happens, we are passionate about getting you back on track.
